

Privacy Policy

The present Privacy Policy is part of the use Agreement of the site www.spritted.com, which the user declares to have read, understood and accepted when registering as such.

1. USE OF COOKIES

We inform you that in the site www.spritted.com, we use *cookies*. Cookies are small, electronic data files which are sent by the website to your browser and are stored in your system's hard drive, and are used to determine your preferences when connecting to the services of our websites, as well as tracking determined behaviors or activities carried out by yourself inside our websites.

In some sections of our website, we require the client to have the cookies enabled given that some of the featured require them to work, but under no circumstances collect personal information (identification, contact, work related, or in any other way).

The information obtained shall not be communicated to third parties, with the exception of cases where possible fraudulent activities are being investigated.

If the user wants to disable the cookies, he/she must do it directly from the web browser.

2. PERSONAL INFORMATION

The Register section of the website www.spritted.com contains an online form, for which the user is required to provide a valid email address.

Said information is stored in a safe online file property of TORO GAMES to be able to provide the services to the users, properly inscribed in the AEPD and entrusted to a specialized company in virtue of specific contract. The information stored in said file will only be notified to those companies associated to TORO GAMES which participate in the provision of services (game headlines, content suppliers, payment method providers, and so on).

The user of said form implicitly accepts said storage, treatment and communication, but can change opinion at any moment requesting the deletion or correction of the personal information sending an email to info@spritted.com.

3. CHANGES IN THE PRIVACY POLICY

The present Privacy Policy may be subject to changes in the future. In said case, the users will be appropriately informed and their consent will be requested once again. In case of not granting it, the Agreement which includes it shall be understood to be resolved.
